Plan: PPO
Network: DentalGuard Preferred

Thank you for using Guardian's ProviderLookup Online Search. This listing contains information about the network providers who most closely met the criteria you selected.

This listing is intended for reference only and is subject to change without notice. We encourage you to contact the provider's office directly to confirm office location, network participation and if they are currently accepting new patients.

DentalGuard Preferred allows you and your family to visit any dentist or specialist you choose. However, DentalGuard Preferred PPO network dentists have agreed to fee discounts that are up to 30% less than what dentists usually charge. In some cases, benefits for services rendered by an in-network provider may be paid at a higher coinsurance percentage than those by an out-of-network provider.

Best of all, our DentalGuard Preferred features one of the industry's most extensive nationwide dental networks with more than 82,000 provider locations.

Visit us online at www.GuardianLife.com for more information or contact Guardian Member Services and a representative will gladly assist you. To obtain specific plan benefit information, log on securely to www.GuardianAnytime.com.
